To Whom it May Concern,

I am emailing concerning the new coal mine they are planning on putting near Panguitch. I think it is a horrible idea and will take away from the beautiful quaint city that sits there right now. There are a lot of upset people in the community that don't agree with this upcoming project as well. I don't have a lot to say but just wanted to make sure my voice was heard and know that I am VERY opposed to it.

Thanks for your time,

Ben Gunn
